Dear Sir/Madam

RE: APPLICATION FOR THE VACANCY OF COMPUTER LABORATORY ASSISTANT AT
THE COLLEGE OF COMPUTING AND INFORMATION SCIENCES.

I am writing this application to express my interest in the position of a computer laboratory assistant. Being a recent computer engineering graduate from Makerere University, I seek to work with a professional body to gain experience in the computing field.

I have currently been working with the iLabs@MAK Research Project at Makerere University CESAT where I have developed software and hardware systems for remote engineering labs as a research assistant. I believe these skillsets will be essential for this position and am willing to learn more from the job on successful entry.

I look forward to your consideration and joining the organization to build for the future.

Yours Sincerely,

Joel Tibabwetiza Muhangizi
Tibang.
